Behind the Badge

Day 1:

Instructional event has classroom studies on Mississippi Laws as it relates to capital and felony crimes, followed with hands on studies of officer survival, and the principals of pursuit driving. Students will receive instruction from an NRA certified Range Master and will shoot a short course during a period of instruction.

Day 2:

Students will be given hands on instruction using simunition training, and participate in scenario based role playing. Students will be able to participate in several types of police vehicle exercises supplemented with the use of simunitions. The material is reinforced through interactive instruction, video, handout material and a question and answer period.

The course is designed to be intense and to leave the student with a new perspective on our roles in public safety.

Glock 9mm and ammunition is provided for each student. However, if a student wishes to bring their own firearm must supply their own ammunition.

Instructors will provide orange vests for scenarios, protective eye goggles, and ear plugs for each student.

Students are required to comply with the instructor when utilizing police vehicle during scenarios.

Certificates will be provided upon completion of the course.
