This 1-day (8 hour) Instructor level certification program focuses on the Deploying, Handling, and Documenting the use of Chemical Aerosols. Medical issues and legal liability will be addressed. This course will enhance the instructor's development in the use and training of aerosols tactics and will help protect departments from costly litigation issues that could arise from the use of aerosol projectors. This program addresses proper deployment techniques, complete arsenal of available aerosols and situational requirement, recommended contamination drills, decontamination, properly reporting force and tactics for surviving an Aerosol Attack. This course fully addresses all aspects of using Chemical Aerosol Projectors. Certified instructors receive an instructor manual and student PowerPoint to use when teaching end user classes. **This certification is valid for three calendar years from successfully completing this course.**

TOPICS COVERED IN THIS PROGRAM INCLUDE:

- Oleoresin Capsicum Formulations / Carriers
- Projectors / Propellants / Delivery Systems
- Effectiveness / Safety / Liability Factors
- Criteria for Selection
- Sample Policy and Procedures
- Officer Survival Techniques
- Decontamination / First Aid – SABRE
DECON WILL BE USED
- Operational Guidelines / Practical Exercises
- Instructor Development
- Inter-graded Use of Force Options
- Deployment Methods
- Tactics for Surviving an OC Attack
- Contamination Exercises *

*** All SABRE Instructor Candidates must complete the SABRE contamination exercise except for the following:**

- 1). SABRE Recertification Candidates – Those which have been previously certified by Security Equipment Corporation
- 2). Instructor Recertification Candidates – Those attending which have been previously certified by another Aerosol Irritant Manufacturer. These students must fax (636) 735-3907 or email – vmoores@sabrered.com a copy of their Instructor Certificate upon registering for this class. Additionally, Instructor Recertification Candidates must send a written description detailing the contamination drill they completed during their last Aerosol Irritant Manufacturer OC certification class. This description must be on agency letterhead and signed by your supervisor / commanding officer.
- 3). Medical Issues – if you have health issues which prevent you from being sprayed, you must submit a letter from your doctor which details your issue and reason for not participating in the contamination drills.
