# Harrison County Law Enforcement Training Academy

## Basic Law Enforcement Training Class

Self/WINN/VA

### General Information

- Payment by check, money order, or agency purchase order is due one week prior to the beginning of class. The tuition of \$4,600 will be refunded in a prorated amount should an officer not complete the entire course (failure will not result in a refund).
  - **Self Sponsor Cadets Only – payments can be split into 3 payments, 1<sup>st</sup> payment is due prior to class start.**
- Payment should be made payable to: **Mississippi Gulf Coast Community College**
- Please make sure the application is completed in full; signatures are required in several places. Verify the physician, officer/student and the agency head have signed in each space as indicated. Unless there is a completed physical assessment and approval by a physician, the applicant will not be admitted to the academy and cannot participate in any physical fitness pre-test.
- Applicants have two opportunities to participate in a physical fitness pre-test on dates and times to be announced. This pre-test is not mandatory; however an applicant who does not participate in a pre-test must successfully pass a physical fitness assessment immediately upon reporting to the academy. This leaves no room for error – an officer who cannot meet the required State Board of Minimum Standards of 50% for physical fitness, will be not be admitted and sent back to their agency/home.
- Please respond to the Academy with the following information:
  - Caliber of sidearm (Academy will provide ammunition for firearms training)

Re: Cost of Basic Training

As of August 4, 2013, the Mississippi Board on Law Enforcement Standards and Training has raised the requirements for basic law enforcement certification from 400 hours of instruction, to 480 hours of instruction. As such, costs must necessarily increase to cover additional expenses.

Listed below is a breakdown of the cost for one cadet to attend the 480-hour, 11-week basic law enforcement academy. Once completed, graduates are eligible for certification as Mississippi Law Enforcement Officers. Prior to acceptance, a candidate will undergo a background investigation, and physical fitness test. All candidates will also complete, at a physician of their choosing and at their own cost, a physical examination.

Most cadets are sponsored by a police or sheriff's department/office that furnishes equipment to the cadet for training. A person not sponsored by a law enforcement agency will have to provide this additional equipment. Should a cadet not have these items, the Academy will provide them at an added cost. This arrangement must be made prior to the start of the training. A breakdown of the cost is listed below, but does not include medical insurance, which the cadet must have during the entirety of training.

You will need to provide proof of medical insurance, have current driver's license, and have verified funding in place by the start of class. Any student who fails to enter, drops, or is dismissed from the academy will receive a pro-rated refund of tuition based on the number of training days remaining. Cadets who fail the program are not eligible for a refund.

If you need any additional information, please call the academy at (228)435-3165 or email [academy@harrisoncountysheriff.com](mailto:academy@harrisoncountysheriff.com)

## PEACE OFFICER STANDARDS & TRAINING

### Full-Time Basic/ Part Time Basic/ Refresher Training Packet

Dear Law Enforcement Administrator and Examining Physician:

This training packet contains a medical evaluation, a reimbursement supplement and an application for enrollment to the academy. Please complete all forms in accordance with the instructions below. Submit the completed packet (pages 1 - 8) to the academy at least two weeks prior to attending a training course (forms that have been completed six months or more prior to training cannot be accepted). With an increased awareness of the importance of physical fitness in the law enforcement profession, as well as in the overall maintenance of quality of life, the Board on Law Enforcement Officer Standards and Training (BLEOST) has enhanced fitness standards for law enforcement candidates. Students will be participating in vigorous physical fitness training and defensive tactics, as well as stress-related training (physical and mental), in such areas as driving, firearms and officer survival. Driving and firing events incorporate seasonal inclement weather with day and night sessions to further enhance stress-related training.

This medical examination report should provide an adequate evaluation of the physical condition of a law enforcement candidate and identify potential problem areas in each candidate's ability to successfully complete training. Agencies are urged to consider carefully any decision to enroll a student in training who has a potential problem. Students with weight problems, who have not been active in a physical fitness program or who have some medical difficulty, will have a greater probability of not completing the course. If at all possible, fitness levels should be at or above the minimum levels established in this packet prior to attending the basic course. **The procedures for completing these forms are as follows:**

<u>Title/Page Number</u>	<u>Usage</u>	<u>Disposition</u>
Memorandum page i	Provide information to the trainee's agency & to the examining physician	To be read and used by the agency and the attending physician, then discarded
Law Enforcement Officer's Duties & Working Conditions page ii	Provide information to the attending physician and to the applicant	To be read by the physician and the applicant, then discarded
Physical Fitness Requirements page iii	Provide information to the physician and to the applicant	To be read by the physician and the applicant, then discarded
Medical Examination Report Health Questionnaire pages 1 & 2	Provide the physician with the trainee's current health information	To be completed by the trainee and agency then given to the physician prior to the trainee's examination
Medical Examination Report Physical Fitness Examination pages 3, 4 & 5	To determine the applicant's ability to participate in the physical fitness program	To be completed and signed by the physician and returned to applicant's agency
NCIC Report and HS Diploma or GED First Aid / CPR Certification Salary Information page 6	Provide information to BLEOST for certification and reimbursement purposes	To be completed by the agency
Law Enforcement Agency's Affidavit and Applicant's Affidavit & Injury Liability Waiver page 7	To swear and affirm the validity of the information given within this document to the training academy and to BLEOST	To be signed and dated by the agency head or authorized signee and by the applicant
Application for Training & Personal Information Summary page 8	Provide training eligibility information to the training academy and to BLEOST	To be completed by the trainee and agency, and returned to the academy at least two weeks prior to training

**If you have any questions, please call the BLEOST staff at (601) 977-3777.**

## Information for the Physician - Continued

### Physical Fitness Requirements

The Board on Law Enforcement Officer Standards and Training (BLEOST), in recognizing the importance of physical fitness for academy performance and subsequent job performance, has established physical fitness training standards that must be achieved in order to successfully complete the training program. The board has established a test that effectively measures cardiovascular endurance and strength. An additional component of fitness, body weight and composition (% of body fat), has a great impact on the examinee's ability to perform the other tests. The evaluation of the candidate's fitness begins with a physician's examination and a determination of the ratio of fat to lean tissue. If an individual's weight exceeds the threshold weight, then a skinfolds caliper measurement should be taken to determine body fat percentage.

The BLEOST will require all board-approved training academies to administer an entry physical fitness test for those students reporting to the training program. The test will be given immediately upon reporting for training and will determine whether a student can remain in the program. This test is an eligibility requirement. A passing score of 50% must be achieved. Those students who fail the test must leave the academy. They may, however, resubmit their application to attend a future training class.

The test is comprised of three components: agility run, push-ups, and a 1½ mile run and is administered to all Full-time, Part-time, and Refresher trainees. It is the same test administered at the end of the program for Full-time and Part-time trainees (Refresher trainees are not required to take the final test) with one exception: The entry test requires 50% to pass while the final test requires 70%. This requirement does not relieve students from participating in P.T. training once they pass the entry requirement. Full time and Part-time trainees will continue to participate in scheduled P.T. training and must also pass a final P.T. test with a minimum score of 70% in order to graduate.

Physical fitness can only be achieved over time. It requires a commitment to regular exercise and good eating habits. Thus it is important to disseminate this information so that all impacted personnel can prepare ahead of time. Scores needed to enter training and to graduate are as follows:

Threshold weight (height in inches divided by 12.3, then cubed) shall be utilized to evaluate an individual's fitness as it relates to body fat composition. Individuals who exceed the threshold weight will then be checked by skinfolds for percent body fat.

## BODY FAT LIMITS

MALE	AGE GROUPS			
	20-29	30-39	40-49	50-59
% of Body Fat	20.4	23.5	25.5	27.1
FEMALE	AGE GROUPS			
	20-29	30-39	40-49	50-59
% of Body Fat	27.7	28.9	32.1	35.6

Considering the threshold weight, body fat percentage and other individual characteristics, I consider this Individual's present weight of \_\_\_\_\_ pounds to be: \_\_\_\_\_satisfactory; \_\_\_\_\_ excessive; \_\_\_\_\_deficient. Under Proper medical supervision, the applicant should \_\_\_\_\_ lose/ \_\_\_\_\_ gain- \_\_\_\_\_ lbs.
