

## NOTICE OF GRANT WORKSHOPS

The Mississippi Office of Homeland Security (MOHS) in cooperation with the Mississippi Emergency Management Agency (MEMA) and Public Safety Planning (PSP), are jointly hosting a series of workshops to provide information and give guidance on funding opportunities available to state, local, and tribal entities. The goal of the workshop is to improve the state’s readiness in preventing, protecting against, responding to, and recovering from terrorist attacks, major disasters and other emergencies.

The workshop will cover an overview of available grant opportunities, the grant application and grant award process, allowable expenses, timelines, and tips on grant writing. Presenters will include the Executive Director and the Grants Director of MOHS and representatives from MEMA and PSP. **Due to seating capacity limitations, you must register in Eventbrite for the date you will attend.** Information on the dates, locations, and the link to register are provided below:

Date	Location	Time	Link
