32 HR DEFENSIVE TACTICS DEPARTMENTAL INSTRUCTOR CERTIFICATION

- Real-Life Application
- Quick Memory Retention
- Camera Friendly Techniques
- Legally, Medically, and Technically
Acceptable System

**CAN BE USED FOR DEPARTMENTAL
TRAINING CREDIT**

ARREST CONTROL TACTICS M.A.C.H.™ CF LEVEL 1

Covers:

- Body Positioning Drills
- Mechanical Advantage Control Holds
- M.A.C.H.™ Takedowns
- M.A.C.H.™ Handcuff Positioning
- M.A.C.H.™ Team Arrest Tactics
- M.A.C.H.™ Baton Subject Control

SURVIVAL TACTICS M.A.C.H.™ CF LEVEL 2

Covers:

- Hand-to-Hand Protection / Disruption
- Baton Protection / Disruption
- Edged Weapon Awareness & Defense
- Ground Defense & Escapes
- In/Out-of-Holster Weapon Retention
- Weapon Disarms

HOSTED BY

**Harrison County LE
Training Academy**

COMBATIVE COUNTER MEASURE TRAINING M.A.C.H.™ CF LEVEL 3

Covers:

- * M.A.C.H.™ 1-5 in Reverse
- * Counter Measure Hand to Hand Drills
- * M.A.C.H.™ 6-10
- * Counter Measure Collar Ties Drills

Mechanical Advantage Control Holds (M.A.C.H.™) System. Controlled F.O.R.C.E. is the developer and sole source provider of the M.A.C.H.™ Training System, which is an established national standard of subject control and defensive tactics training that has been adopted into Law Enforcement and the Department of Defense Doctrine. The M.A.C.H.™ Training System has been designed as a program that deals with non-compliant, surprise attackers, and highly aggressive / combative subjects, and delivered in a simplistic and unique manner.

- **Over 6,000 departments trained** from Basic Law Enforcement Courses to Advance Law Enforcement Academies.
- **POST Approved** -Controlled F.O.R.C.E. Training Programs are nationally recognized by **P.O.S.T.** - Peace Officer Standards in Training, CLEA, and/or a state required Continuing Educations Credits in Training in 28 States.
- **20 Year Past Performance**
- **NEVER BEEN CALLED INTO COURT FOR USE OF FORCE**

**THIS COURSE IS OPEN TO LAW ENFORCEMENT & CORRECTIONAL
PERSONNEL ONLY**

Call 630-365-1700 for Clarification on Eligibility

CONTROLLED F.O.R.C.E.®

TRAINING MANAGEMENT SYSTEMS

> Level 1: Mechanical Advantage Subject Control

Controlled F.O.R.C.E. Level 1 teaches personnel how to control a non-compliant subject utilizing body positioning, movement, momentum, and joint manipulation. The system is based on five Mechanical Advantage Control Holds (M.A.C.H.™) that use a subject's resistance against himself/herself. Each technique of Controlled F.O.R.C.E. can be taught in minutes, saving valuable training time. These tactics greatly reduce the risk of injury to operators and to the subjects they encounter.

CONTROLLED F.O.R.C.E.

Subject Control Training

was developed with the specific needs of the law enforcement officer in mind. Some of the system's hallmarks that thousands of officers have found useful for police work include:

- SIMPLICITY OF USE
- HIGH RETENTION
- FUNCTIONALITY
- ADAPTABILITY
- TEAMWORK
- EFFECTIVENESS

THE MECHANICAL ADVANTAGE

Because the system emphasizes Mechanical Advantage over pressure points or pain compliance, the techniques work on any subject regardless of size, strength, skill, psychological state, or level of intoxication or chemical influence.

Controlled F.O.R.C.E. is appropriate and proven to work for:

- Law Enforcement
- Adult Corrections
- Juvenile Justice
- Security
- Protective Services
- Military

1> BODY POSITIONING DRILLS

This category helps to understand the importance of body control. Without the use of hands, concentration is centered on how the body moves and reacts. These drills are called "Sticky Situations." These components give the ability to control an opponent with increased effectiveness and safety for all involved, and to gain advantage over an opponent through positioning, movement, leverage, transition and teamwork.

2> MECHANICAL ADVANTAGE CONTROL HOLDS

M.A.C.H.™ is a series of five techniques that use positioning, movement, body momentum, and resistance to subdue a subject in a controlled manner. These five holds can flow from one to another in any sequence, allowing adjustment to the subject's unpredictable actions. M.A.C.H.™ holds respond to a subject's resistance, meaning the subject determines the amount of force needed to gain control.

3> M.A.C.H.™ TAKEDOWNS & HANDCUFFING

This category teaches an individual how to use the M.A.C.H.™ holds to successfully take the suspect down in a controlled manor and roll them into the prone positioning for handcuff application. Reading off the off the opponent's momentum to decide which hold/takedown works best.

4> M.A.C.H.™ TEAM ARREST TACTICS

This category teaches verbal and physical communication skills and tactics for use when two or more personnel have exhausted all alternatives and are forced to physically gain control of a resisting subject. Focuses on the relationship between communication and safety in teamwork tactics.

5> M.A.C.H.™ BATON SUBJECT CONTROL

This category teaches personnel how to use the baton as a TOOL to increase leverage and control while applying the M.A.C.H.™ techniques. While Controlled F.O.R.C.E. does not teach strikes, this category answers the question of what to do with the baton once it is drawn and striking is unnecessary.

CONTROLLED F.O.R.C.E.®

TRAINING MANAGEMENT SYSTEMS

> Level 2: Survival Force Reactionary Defense

Controlled F.O.R.C.E. Level 2 teaches personnel how to survive a surprise attack and then transition to control tactics. The system builds upon the basic principles of body movement and positioning learned in Level 1. Where Level 1 teaches personnel how to control and arrest an aggressive subject, Level 2 prepares the operator for the sudden and violent situations that are not expected. These techniques are proven to save lives.

P.O.S.T. APPROVED

Controlled F.O.R.C.E. has been used by federal, state, and local agencies and is P.O.S.T. Approved or equivalent in 28 states.

CERTIFICATIONS:

- **POST Approval** - Peace Officer Standards and Training-Certified in 28 states (call for list of states)
- **CLEA** - Council of Law Enforcement Education
- **USNSTA** - United States National Standards of Training Association

If budget constraints are preventing you from maintaining a current Controlled F.O.R.C.E. Instructor Certification, you can now re-certify for a fraction of the cost of hands-on training.

Don't get caught with the Liability

CALL FOR DETAILS
1-800-301-9292

6> HAND-TO-HAND DISRUPTION TECHNIQUES

This category teaches personnel how to protect themselves from a sudden open-hand attack and use "strikes with a purpose" to disrupt the assault. Lead Hand Drills develop eye/hand coordination and teach skills for moving from the inside to the outside position of advantage.

7> BATON DISRUPTION TECHNIQUES

This category teaches personnel how to use the baton as a TOOL to disrupt a sudden attack and to protect the head and face from damage. Personnel are taught how to use the baton to increase their blocking surface and to use "strikes with a purpose" to disrupt the attack.

8> EDGED WEAPON AWARENESS AND DEFENSE

This category teaches personnel how to avoid getting cut in a sudden edged-weapon attack and to transition to a control tactic or escalate force as necessary. These techniques focus on SURVIVING AN EDGED WEAPON ATTACK.

9> GROUND DEFENSE AND ESCAPES

This category teaches personnel how to protect from attacks on the ground and to escape to a position of advantage. Incorporating M.A.C.H.™ holds and Lead Hand Drills, these techniques focus on ESCAPING FROM AN ATTACK ON THE GROUND, and do not teach ground fighting tactics.

10> IN/OUT OF HOLSTER WEAPON RETENTION AND DISARMS

This category teaches personnel how to retain a holstered sidearm from a weapon grab using positioning and body movement/how to retain a drawn sidearm, and teaches personnel with confidence and control, from a surprise weapon grab, and giving personnel life-saving options for situations where someone tries to grab their sidearm. These simple techniques are easy to remember and highly effective.

Operational Design Capability

All levels of the Controlled F.O.R.C.E. Close Quarters Subject Control Training System can be absorbed in whole or in part into existing doctrine or can be configured on an as-needed basis.

We specialize in developing unit specific modifications and additions to any or all aspects of our training.

CONTROLLED F.O.R.C.E.[®]

TRAINING MANAGEMENT SYSTEMS

> Level 3: Combative Counter Measures Training

Combative Counter Measures Training teaches officers how to survive a combative situation when confronted and attacked by a street-wise assailant or professionally trained enemy combatant. This training program has been specifically designed to flow directly from Controlled F.O.R.C.E. Levels 1 & 2 and back again as the use of force levels escalate and de-escalate throughout a given situation. The officer will already know how to successfully react to an initial attack using Controlled F.O.R.C.E. Levels 1 & 2. Controlled F.O.R.C.E. Level 3 concentrates on officer survival in hands-on situations that continue beyond the initial attack, or in any situation that elevates above a passive level of resistance.

INSTRUCTOR DEVELOPMENT

Controlled F.O.R.C.E. has trained more than 10,000 front-line instructors domestically and abroad such as:

- Federal Bureau of Investigations (F.B.I.)
- Drug Enforcement Administration (DEA)
- Department of Homeland Security (DHS)
- European U.S. Air Force Security Forces (USAFE)

★ ★ ★

Our Instructors have more than 20 years experience and expertise.

GSA Contract Holder

SBA
8(a) Certified

11> M.A.C.H.™ 1-5 IN REVERSE

This category of M.A.C.H.™ holds in reverse, teaches the student how to engage the subject when caught on the inside of the attack, and get to the outside. All these holds in reverse move the subject in a forward direction.

12> M.A.C.H.™ HOLDS 6-10

M.A.C.H.™ 6-10 are advanced control holds that are more aggressive in nature than M.A.C.H.™ 1-5, and do not have as natural a flow of transition. These advanced holds have a devastating ability to overwhelm a subject, so GREAT CARE MUST BE TAKEN during these drills.

13> COUNTER MEASURE HAND TO HAND DRILLS

This drill is designed to enhance eye/hand coordination while developing your Striking, Blocking, and Counter Striking skills. In this drill, you and your training partner are simultaneously the attacker and the defender.

14> COUNTER MEASURE COLLAR TIES DRILLS

These drills teach you how to gain an inside position and either disengage or takedown your opponent in situations where your attacker is too close to use other control techniques. The first two Hand Fighting Drills will develop your fundamental skills for gaining an inside position, while the subsequent drills will teach you how to control and direct an opponent and transition to disengagement, takedown, or body lock tactics.

IMPORTANT INFORMATION ABOUT THIS COURSE

The Controlled F.O.R.C.E. Departmental Instructor Certification Course develops skills for quickly and effectively transferring maximum amounts of close-range subject control content in short periods of time with high levels of retention.

DETAILS

- Authorizes you to teach the program within your agency for 2-Year Term
- Re-Certification required at end of 2-Year Term (re-certification fees apply)
- Free Refresher training is available throughout 2-Year Term
- Includes access to online e-Manual that contains full documentation of course

IMPORTANT INFORMATION REGARDING CERTIFICATES

Upon completion of this course, certificates will be sent directly to your email.

Please allow 6 - 8 weeks for delivery of certificates after course materials are received and reviewed.

LEGAL SUPPORT

Controlled F.O.R.C.E. takes stringent measures to maintain the integrity of our system, remain viable in the ever-changing legal environment, and to adequately document our certification process. Our system is very recognizable, and we stand behind it 100%. Providing a Certified Departmental Instructor can demonstrate that they teach the system according to our lesson plan, and not beyond, there should never be a question as to the reasonableness of what was taught. As you know, there are too many variables as to how a system is applied in a response to resistance situation for a company to guarantee that the techniques used will work as expected or be the appropriate response. However, Controlled F.O.R.C.E. will gladly provide expert testimony should the techniques that we teach ever be questioned in a court of law.
